

Two Inches of Rain Fall During the Week

Kick-off Meeting on War Chest Drive

Royden Stuart Is Home from Pacific

Pfc. Royden Stuart, U. S. Marine, who has seen 32 months of service in the Pacific arrived at the home of his parents, Mr. and Mrs. G. M. Stuart of Happy, Friday for a 30-day leave. He will report to Seattle, Washington for his next assignment.

Pfc. Stuart wears stars indicating that he has received two citations and has participated in four major battles.

He is an ex-student of Canyon High School and has been in the armed services for more than 3 years.

Republicans Get Money to Fight in the Campaign

Politics is on the upswing in Randall county. A nominal Republican organization has been in existence here for years, but little activity has been shown in the organization. A quota was sent to the local organization of \$75 to help elect Dewey. O. L. Coleman raised \$80 in a short time Monday, and reports on his work as follows:

"Fourteen business men made contributions, all of whom except Oscar Gamble and O. L. Coleman, requested that their names be withheld. Two ranchmen were solicited, Evetts Haley being one of them, contributed. Only two persons on the payroll of the College were solicited. Both contributed and signed their names to the contribution. Three employees in business establishments were solicited; all contributed. One individual was solicited, Otto White, who contributed.

"The above definitely shows the undercurrent of political thought in Canyon. People's pocketbooks are the real barometers of their convictions.

"Coleman says that it is impossible to purge the Democratic or any other party from within as there are too many factions and toes that might be tread upon. You must get entirely out of the party and pour in your broadsides over a free and open range, and then, if some GOOD Democrat is hit, it will be on account of the company he is in.

"When Coleman returned home with the full assessed quota in his pocket his wife, Emma, said "Bravo! Here's \$5.00 more, put it over the top. This is the most constructive work you have done for years."

"I spent only five hours collecting the quota which was accomplished before calling on all the business men of Canyon."

New Schedule For Canning Center

Mrs. George Archer, Supervisor of the Canning Center announces that beginning next week the Center will be open on Tuesdays, Wednesdays and Thursdays from 9:30 to 6:00 o'clock.

To avoid confusion on these days it will be wise to call for an appointment. Those who wish to make special appointments for Monday or Friday may do so by calling Mrs. Archer at 178J.

Mrs. E. W. Sutton has returned to the E. N. Zachery home following a month's visit in the home of her brother, Clarence D. Zachery in El Paso.

Lt. and Mrs. Forrest Hill returned to Long Beach Monday morning after having spent a week in the W. H. Harden and D. S. Hill homes.

All Workers Are Called To Meet Oct. 6 to Plan For Beginning of Drive

The kick-off meeting of workers in the United War Chest will be held at the Canyon high school auditorium on Friday night, Oct. 6. The annual drive opens on the following Monday.

A program is being prepared for this meeting, which will be of interest to all workers in the campaign and other citizens of the county. All citizens are cordially invited to attend the meeting.

After inspirational talks on the necessity of the War Fund drive the workers in Canyon will be given supplies and instructions by Milton Morris. W. H. Upchurch will distribute supplies to the workers from the Farm Victory Council.

The quota for Randall county is \$3,232. The Victory Council will raise half of this amount among the farmers of the county. The balance will be raised in Canyon.

In view of the fact that the people of Randall county raised \$3,900 for this fund last year, the amount should be raised in a few days. All citizens are asked to give the same amount as they gave last year in order that the quota shall be raised without delay or difficulty. Workers will canvass all parts of the county following the kick-off meeting on October 5.

17 Men Called to Report For Army Induction

Seventeen men have been called for induction in the armed forces on Oct. 4. The men will leave Canyon Oct. 3 for Oklahoma City where they will report.

The following are on the list to leave:

James Edgar Washburn, John Craig Bellah, Edwin Leo Regal, Gilbert Berry McCarter, Alvin Oscar Friemel, Leonard Henry Batenhorst, Roland George Wendelkin, Jo Carroll Dutton, James Troy Westfall, Earl Turley, James West Spencer, Jr., Gordon Ray Duckett, Si Maxwell Bosley, Jr., Marion Everett Williams, Francis Marion Davis, Leonard Crawford Ruthart, Kenneth Eugene Davis.

Mrs. Ed Phillips and daughter, Mrs. C. R. Gilliam, returned from Oxnard, Calif., Thursday morning.

Texas Regulars Place Electors on the Official Ballots for November

Clyde Warwick Is Named to Represent the 18th Congressional District

Democrats of Texas who have been opposed to a 4th term for President Roosevelt and believe that the people should have the opportunity to vote on the question as advocated by Governor Stevenson have filed a list of presidential electors whose names will appear on the November ballots.

The list of electors named by this organization was filed Monday with the Secretary of State under the name of Texas Regulars.

Under the law the name "Democrats" could not be used, although all of the electors have been and still are Democrats who want to see the people have a chance to declare themselves on the 4th term. Both the May and the September conventions lacked much of being representative due to the fact that only a small per cent of the voters participated in the precinct conventions.

The plan of Governor Stevenson to put both lists of electors on the ballot was rejected by pro-Roosevelt leaders.

Clyde Warwick was filed as an elector to represent the 18th Congressional district.

Warwick stated Tuesday after the list of electors was published: "I am and have always been a Democrat. I have opposed the 4th term for Roosevelt, and would oppose the election of any president for a 4th term. I believe that both the May and September state conventions were equally unwise in their directives.

The only reason that I would consider allowing my name to go on the official ballot is for the purpose of giving the people of Texas a chance to vote either for or against a 4th term. A half million voters in Texas failed or refused to go into the primaries this year. There is strong opposition to the 4th term throughout the State.

CCC Loans on Grain Sorghum

Farmers May Secure Loans For Farm Storage or in Qualified Elevators

In order to clear up some confusion in regard to CCC loans on grain sorghum the local office of the War Food Administration AAA offers the following explanation.

Loans are to be made until December 31st, on sound dry grain sorghum grading No. 2 or better at 95c per bushel of 56 pounds, if stored on the farm (other grades in proportion.) The farm storage must be good enough to protect the grain and have room enough between the grain and the roof for sampling.

Grain to keep safely should have a moisture content below 12%. The maximum limit of moisture for farm storage is 13%.

Loans are also made on warehouse receipts for grain stored in qualified elevators at 88c per bushel if all charges against the grain including freight are paid, or at 95c if all charges plus storage to April 30 are paid in advance.

J. W. Shanklin Died Tuesday at Houston Home

J. W. Shanklin died Tuesday in the family home at Houston.

Mr. and Mrs. Shanklin were residents of Canyon for many years. At one time they operated a dairy west of town. He was for many years connected with a sugar company and spent his time in Cuba and Mexico supervising sugar plantations. He was made a prisoner by the bandit Villa at one time.

For the last several years they have made their home in South Texas because of his health.

Mrs. Shanklin is a sister of Mrs. J. A. Hill, President and Mrs. Hill left for Houston Tuesday night.

Burial will be at Belton, today. Surviving Mr. Shanklin are his wife, one daughter, Mrs. Ira Jenkins of Houston and one son, Harold, who is in the Armed Service. Mrs. Harold Shanklin and son make their home in Canyon temporarily.

STORK SPECIAL

Born to A. L. and Mrs. Woods, September 14, a daughter, Judy Lynn in Amarillo. A. L. is 1st Class Petty Officer, radar and radio technician, stationed at Columbus, Ohio.

A son was born to Mr. and Mrs. H. M. Munson Sept. 20 at an Amarillo hospital.

Texas Regulars Place Electors on the Official Ballots for November

If a majority of the voters are opposed to a 4th term, they should be given the opportunity to express their desires. If a majority are in favor of the 4th term, no harm will be done in giving the voters a chance to express their choice in the November election.

"If selected an elector in November, I shall vote for a strong Democrat, who can go to Washington with a clean slate and clean up the mess that has accumulated under the New Deal. I am firmly convinced that the nation needs a man like Governor Coke R. Stevenson who has the strength to say 'no' when it is necessary; who knows how hard it is to make money, and who shall preserve our national economy rather than throw the people's money to the four winds.

"The Texas Regulars may not get to first base in this campaign, but at any rate the people will have a chance to express their opinion at the polls, if they so desire. If they are satisfied, a majority will decide the issue.

"The Democratic party is no longer controlled by Democrats, but is under the control of labor racketeers, Socialists, Communists, and officebreds who were not considered agreeable company in any political party before the days of the New Deal."

IN AMARILLO HOSPITALS

Mrs. W. A. Warren was brought home from Amarillo Sunday where she underwent an operation Thursday.

Mrs. John Shoenberger, surgical.

Vergie Ruth Haines, surgical.

Mrs. Florence Stephenson, surgical.

Mrs. E. H. Porter, surgical.

Tom Langston Y 1-c and Mrs. Langston from New Orleans are visiting relatives and friends in Canyon this week.

Bond Sales Over Top

Speech Professor

MR. JACK DOUGLAS

Mr. Jack E. Douglas is the new instructor in the Speech Department. He is replacing Dr. James Butler who is doing graduate work in California.

Mr. Douglas is a native Texan, has his B. A. Degree from the University of Oklahoma and his M. A. degree from the Northwestern University of Evanston, Illinois. He has taught both college and high school work in Oklahoma and in Texas he has taught one year at San Marcos. Other than teaching, Mr. Douglas wrote scripts for radio station WKY in Oklahoma City. He wrote stories then read them over the air with an sound effects put in.

Last year he taught dramatics and military ground school classes in Southwestern State College, San Marcos.

Council Group to Map Program for the Coming Year

The monthly meeting of the Randall County Planning and Development Council was held Monday night with 13 of the 19 members present.

A proposed budget was submitted by Dr. Lee Johnson which would take care of the Council for the coming year.

Dr. S. H. Condon, president of the Council, asked all committees of the Council to have prepared a complete outline of the work that was proposed and submit these plans at the October meeting. A complete picture of the Council's future work will therefore be before all members at that time.

A state meeting will be held at the University of Texas on Oct. 6 on Postwar Planning. Dr. Condon was authorized to attend this meeting as the Randall county representative.

General Cousins Visits Home Of President

GENERAL RALPH COUSINS

Major General Ralph Cousins, of the United States Army, under whose direction all the Army Air Fields of the Western Area of the United States are operated, was a guest in the home of President and Mrs. J. A. Hill on Thursday evening.

Accompanying General Cousins, was his brother, R. B. (Bartow) Cousins; their visit was purely social, Dr. Hill said; both men are ex-students of West Texas State. They are sons of the first president of the college.

During the summer General Cousins has visited every battle area in the world, and he had many interesting observations to make upon the war.

September Sales Exceed the Quota

All Sales Up to Saturday Will Count on the Quota For Month of September

Randall county has again gone over the top on the sale of War Bonds.

The sales for the month of September have exceeded the quota by \$4,202.50, according to the report of County Chairman R. H. Wright, Tuesday night.

The quota for September was \$24,100. The sales up to Tuesday night amounted to \$28,302.50, or an excess of \$4,202.50 for the month. Sales up to Saturday night count on the month's quota, and therefore the excess is likely to be increased a considerable amount by Saturday night.

4-H Club Boys Held Show of Pigs Saturday

The Randall County 4-H Club Pig Show for first year beginners was held last Saturday in Canyon. Top place was won by Weldon Lindsey on his Spotted Poland China gilt. Douglas Brazil was second, Billy Moore third, Franklin Bauer fourth, Neil Wall fifth and Tommy Gooch sixth.

Col. Brumley of Hereford was the judge.

The first prize gilt will be exhibited at the Panhandle District Show at Amarillo, Friday the 29th, where it will compete with the top gilts from the beginners show in each of 22 counties. A registered Jersey heifer will be awarded as the prize to the owner of the top pig from each county. The boy winning top place at the District Show will get his pick of the 22 heifers. The boy winning second will be given second choice and so on for each boy in the show. Other prizes in the County Show will be baby chicks or turkeys which will be delivered in March or April.

College Opened Cafeteria to the Student Body

Under the supervision of Miss Maxine Klein, dietician, West Texas State has opened a new cafeteria, in the basement of the Education Building.

Miss Klein received her training at Panhandle A. & M. at Goodwell, and Oklahoma A. & M. at Stillwater. Last year she was head of the homemaking department in Panhandle A. & M. and previous to that she was dietician in Oklahoma A. & M. where she planned meals for 4,000 people.

Mrs. A. L. Woods and Mrs. Dallas Milner are cooks and girls are serving the meals.

Breakfast will be served from 8:15 to 9:15 each morning; lunch from 12:45 to 1:15 for high school students, from 1:15 to 2:00 for college students and faculty members. The evening meal is scheduled from 6:00 to 7:00. All meals will be served cafeteria style. Lunch and dinner menus will include a meat dish, vegetable selection, salad, dessert, beverage, bread, and soup. Each dish may be purchased separately, and the average meal will not be expensive.

Meal tickets are now on sale in the Business Manager's office. A ticket for 25 breakfasts may be purchased for five dollars; a 25-noon-meal ticket for \$11.25; 25-night-meal tickets for \$7.50. No ticket will have an expiration date. If a student has a visitor, the visitor may be served from the student's ticket.

The cafeteria will be open to everyone, faculty, students, friends, and campus visitors.

P. D. Tyler Is New Instructor

P. D. Tyler, new aviation pilot ground school instructor at W. T. S. F., is a pioneer flyer of this part of the country and has many hours as instructor of student pilots to his credit.

Mr. and Mrs. Tyler moved to Canyon Monday from Abilene where for a number of years he was in the chemistry department of Abilene Christian College.

Miss Wynema Robbins has returned from Las Lunas, N. M., where she has been visiting since early in July.

Critic Teacher

MISS JOSEPHINE STUEBER

Miss Josephine Stueber is the new critic teacher in the first grade of the Demonstration High School, succeeding Miss Ruth Lowes, who now teaches in the college department of education.

Miss Stueber earned her B. A. degree at the Texas College of Mines and her M. A. degree at the University of Texas. She taught in the El Paso Schools and was primary supervisor there for several years. Miss Stueber has been a member of the summer faculties of the University of Texas and San Diego State College.

This native Texan is co-author of a book, entitled "Effective Reading Instruction," published by McGraw-Hill Publishing Company in New York City.

Former Canyon Boy Is Lost

Lt. Glenn Johnson, nephew of Mrs. Clyde McElroy, is reported definitely lost at sea, according to word received Friday by Mrs. McElroy from her brother, Judd Johnson, of Jefferson, Iowa.

Lt. Johnson was a resident of Canyon for several years when his father, Judd Johnson made his home here.

Legion Makes Plans for the Victory Over Germany Closing Celebration

All Citizens Are Asked To Participate in the Victory Celebration

When the war with Germany is over, the American Legion, Palo Duro Post No. 97, Canyon, Texas, asks all business firms of Canyon to close their doors at once and follow the following schedule:

—If news of victory is received before 2 p. m. close but open for business next day.
—If after 2 p. m. close and stay closed next day.
—If after 2 p. m. Sunday, stay closed Monday.
—If after 2 p. m. on holiday, stay closed next day.
—If received on Saturday, close but open Monday.
—If received at night stay closed all next day.

Have a sign already printed and ready to put on your door, or have the paint and brush ready to paint a sign on your window.

This schedule has been worked out and will be followed by many if not all, throughout the country. "Cut out schedule and keep it handy so you will know what to do."

Contributions for the Furnish Fund for our Legion hall are coming in every day. A good start has been made, but we will need a nice contribution from every family or friend who has some on in the Armed Forces. Mail your check now, date it when you wish, but let's get this over so the Ladies Auxiliary can have this hall ready for our boys when they return.

Hud Prichard, Andy Walsh, and John Hunter are busy and will appreciate if you will either see them or mail your contributions.

List of All Men in Service

Just as soon as the war is over and a complete list of all men who went to war from Randall county can be obtained, Palo Duro Post No. 97 American Legion, is going to print two lists of the names alphabetically. Then place these lists in a good binder, leaving one copy in the County Library and one copy in the Legion Hall.

Good Rains Have Fallen In County

Canyon Has Had a Record Amount of Rainfall for the Year of 1944

Rain in Canyon for this week amounted to 2.03 inches.

A good rain Sunday morning measured .53 of an inch.

Rain started falling Tuesday night and by morning amounted to .90 of an inch. During the morning hours .60 of an inch fell, or a total of 1.50 for the night and morning.

The rain was general over the county. However, the rain of Sunday morning was spotted, and missed a considerable section of the county.

The total moisture for September now amounts to 3.61 inches, the total for the year is 25.85 in Canyon. This is probably the largest amount of moisture recorded in any part of the county due to the fact that Canyon received several rains which entirely skipped other parts of the county.

Saving the heavy row crop has been in progress in all parts of the county. This work has been slow due to the lack of labor.

Canyon Lions at Hereford Carry Own Water Jugs

When Milton Morris, J. L. Gilmore, John A. Gillis and Clay Cooper, Canyon Lions, visited the Hereford Lions recently, they raised a considerable furor.

Hereford enjoys a national reputation for its water being not only pure but an aid for betterment of teeth. They are justly proud that local water is being shipped all over the nation to interested people.

But these four men from Canyon held no brief for their neighbor's water. As they were seated at the luncheon, each Canyonite proceeded to place a bottle of Canyon water in front of him on the table, water carried there especially for the luncheon.

"We just are not taking chances on Hereford water corroding our teeth," Milton Morris, Canyon Lion secretary, explained.

Mrs. Clarence D. Zachery and son, Richard Dale, of El Paso are visiting in the E. N. Zachery and E. W. Guest homes.

Legion Makes Plans for the Victory Over Germany Closing Celebration

Three Men Will Leave For Physical Exams

Three men are called to report Oct. 5 at Oklahoma City to take their physical examination for the armed forces. They will return home for 21 days before induction.

Those called are: Marvin Woodrow Tucker, Melvin C. Wagner, Edward Otto Fluegel. Another man was transferred from Clarksville to go with the local boys, Albert Gordon House.

Neilson Stationed Ft. Worth Makes Mexico City Run

Mr. and Mrs. Milton (Chick) Neilson have sold their home at 1007 3rd Ave. to W. J. Rose and have bought a home in Ft. Worth.

Mr. Neilson is flying on the Mexico City run for American Air Ways. His initial flight took less than six hours with only one stop, Monterey.

Mr. Neilson was instructor at the Canyon Aviation Service while the College detachment was in training there. He then volunteered for transport flight duty, was accepted and given special training by American Airways.

Mr. and Mrs. Neilson had managed the Farmers Elevator for several years prior to their entry into the War. When Mr. Neilson became an instructor, Mrs. Neilson assumed the management of the Elevator.

MARRIAGE LICENSE

A. G. Hopkins to Mary Inez Elmore, Sept. 23.

Mrs. E. S. Trout returned Monday from Childress where she has been visiting friends for the past three weeks.

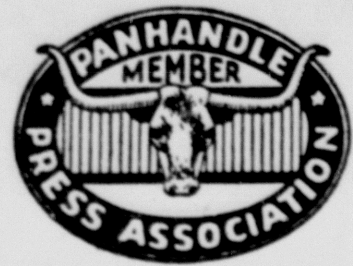

The Dyer Maynard family has moved from Happy to Canyon.

The Supreme Court of Texas has ruled that the pro-Roosevelt electors shall represent the Democratic party and that their names shall be printed on the official ballots. The legality of neither the May convention nor the September convention was considered. The fact that the May convention instructed the electors not to vote for Roosevelt unless the National Convention met the demands of Texas Democrats was the grounds for replacing the electors. Fifteen of the 23 had announced that they would not support Roosevelt even though he carried the state. The News has always maintained that electors were named for the purpose of carrying out the will of the majority. Perhaps the Supreme Court sidestepped the issues to the extent of refusing to rule on the legality of the May convention. The court took the position that it was justified in ruling out the electors as spokesmen of the party when they publicly announced that they would refuse to allow a majority to prevail. That may be an extra-legal manner of disregarding the May convention in its right to nominate electors. We hope that some Congressman or Senator will take it upon himself to sponsor a constitutional amendment to abolish the antiquated Electoral College before another presidential election so that the people may vote directly for President and Vice President instead of electors.

The Champ took to the air and has proved that he is still the master of the air lanes. The President opened his campaign Saturday night, speaking before a labor rally. He is still the master of derision which has made him so popular with the voters. The average citizen likes to hear such talks. They like to hear the political speaker tear into his opponent. The President took up the various Dewey charges against his administration and tore them to pieces, much to the delight of his audience. The President likes a political fight, and is the master when it comes to taking to pieces the arguments of his opponents. Dewey has a good radio voice, but he lacks in magnetic personality, and the ability to melt down his audience. He carries the frigid attitude of the prosecuting attorney into his political speeches, while the President really beams as he talks to his listeners. Naturally he was talking to a very friendly audience in his first address. The 12 million members of organized labor will largely support him in view of the fact that he has given them everything they demanded. John L. Lewis tried four years ago to break the ranks of organized labor and lead away his half million miners—but was unsuccessful. If you are not listening to the radio talks of Dewey and Roosevelt, you are missing a real opportunity to get first hand information regarding the candidates.

Just how strong is Senator W. Lee O'Daniel with the people of Texas? The Senator has not lost a political battle for himself, but has he enough power with the old folks of Texas to win his determined fight against the 4th term for President Roosevelt? The Senator is reported to be spending \$100,000 on his newspaper and his radio talks in an effort to carry the Southern States against Roosevelt. He has daily time over 13 radio stations in Texas, Oklahoma and Kentucky. He is printing thousands of copies of his weekly newspaper which is blasting the administration. Are the people going to believe him? So far the administration has ignored the Senator. No blasts have come from any of the New Dealers against O'Daniel. Maybe they figure that this is the best way to handle the Senator, or perhaps they figure that he does not carry enough weight to defeat the New Deal in the Southwest. The coming election may not be a test of O'Daniel's strength with the voters, since the popularity of the President is involved, but it will be an interesting thing to watch.

Governor Jim Ferguson is dead. His death removes one of the most remarkable and capable political figures that has ever been produced in the state. Regardless of his itching desire for wealth, which led to his political downfall, Ferguson was one of the keenest political analysts who has lived in this generation. Back in the legislative days of the Newsman we discussed many pending bills with Ferguson. He could give a clearer analysis of a bill than we ever heard. Regardless of the complications of the pending measure, Ferguson could see the point, clearly indicating the weaknesses and the strength of the measure, and how it would affect the people of the State. Texas will long remember the good of Ferguson and his administration; time will eradicate the ill feelings which were engendered by his weaknesses which led to his impeachment and removal from public office.

The annual War Chest Drive will be held in America next month. Some folks have an idea that such a drive is unnecessary since the war is about over. They are badly mistaken. When peace comes, these War agencies must really go to work among our troops on foreign soil. The demand for recreational centers in Europe will multiply when the fighting stops and our men settle down to administer peace terms. In addition to that, the war in the Pacific may go on far into 1945. Randall county paid \$3,900 into this War Chest last year. We can do much better this year, thanks to a kind providence which has brought splendid crops and prosperity to the county.

Those who have been predicting an early collapse in Germany are now of the opinion that Hitler can whip his forces to stay in and fight to the bitter end. This end is now being set at sometime after the first week in November.

The political revolt against the 4th term continues in Texas. Efforts are being made in other Southern states to continue the revolt, hoping that one or more states may switch away from Roosevelt as they did when the South went for Hoover. The situation is different this year. When Hoover carried Texas, the voters were massed against the Catholic-wet Al Smith. Roosevelt is as wet as Al Smith, but he is a Protestant. In other words, the voters were not supporting Hoover so much as they were voting against Catholic Al Smith. A half million voters failed to go to the primaries in Texas this year. Anti-4th term leaders say that they did not go to the polls because they wanted to vote against the 4th term in November. Whether that was the reason, or just because the people were not enthusiastic over any of the political campaigns remains to be seen. At any rate, ardent New Dealers admit that they will be for the President for a 5th term and a 6th term, after he is re-elected for the 4th term. Those who oppose keeping a president in office so long are determined to keep up the fight until Roosevelt is defeated. If the people of Texas pay no more attention to the general election than they did to the primaries anything might happen.

J. E. McDonald is State Commissioner of Agriculture. He is the bold, bad man of the Democratic party in Texas, who runs as a Democrat, but votes with the Republicans on national affairs. He hates Roosevelt and his economic planning. In 1940, McDonald bolted the ticket and supported Willie. Now he is for Dewey and is working openly for Dewey. He makes no bones of his political stand, and defies the Democrats of Texas to do their worst. The fact that he always wins re-nomination without the necessity of a runoff indicates that either the Democrats of Texas like his administration, or are not displeased with his independence of political thought in regard to national affairs. Maybe Texas would be better off if there were more independent thinkers in the state. Our Governor defied the national administration on its bureaucratic setup in Texas. As a result he was invited to Washington to talk things over with the President.

Teddy Roosevelt organized a strong third party which was able to amass a considerable following and defeat Taft for a second term. Various attempts are being made to organize a third party. So far no national leadership has developed, and will probably never develop. Senator O'Daniel has his lightning rod up. He hopes that the third party movement will become sufficiently strong that the people shall demand that he run for President on an independent ticket. The war is drowning out hill-billy music, and the golden voice of Texas' radio star, Gerald Smith, rabble rouser of the Huey Long era, held his national convention and was nominated for President. But he does not expect to get any place in 1944. He hopes that a depression will have hit the nation by 1948 and that he will be able to sway the people into supporting him. The News has circular letters from various sources calling for support of third parties. "The Liberal Party of America" is the most persistent. Just what it stands for, we have no idea.

The President still leads the Gallup poll by a small majority. The Solid South is for Roosevelt, but according to the last reports he was leading in only eight other states. Dewey is fighting hard in these border states. He is not wasting time or strength in the Southern states which are conceded to the President, regardless of any political revolt which is going on in this section. Republican advisers are carefully grooming Dewey to avoid the mistakes of the presidential candidates whom Roosevelt has defeated in the past. It's great to be an American in this good year of 1944 and to enjoy the political freedom of a presidential year which is now in progress.

Most of the churches of Canyon will start revival meetings on October 15. The pastors feel that now is the time for all citizens to get back to fundamentals and to renew their faith in God. All Americans have been passing through strenuous times; are over-worked and need spiritual refreshing. When peace comes, there will be a great temptation to turn loose and to indulge in excesses of various kinds. There will be many temptations. Americans need to be strong to meet and conquer the temptations which will follow the war. Every citizen of Canyon should go to church, next Sunday, and then attend the revival services during the special week which has been dedicated to getting back to fundamentals.

The relief problem in Italy is said to be very critical. Mussolini bled the country of war materials to fight in North Africa. The people are hungry and lacking in all of the necessities and essentials of life. The situation is surprisingly different in France, where the people seem to have survived Hitler's domination in a much better shape. The relief load will also be very heavy in all of the other nations which Hitler overran in his mad rush to conquer Europe.

Congress is adjourned so that members may go home to look after political fences. This is going to be quite a job in many districts where the vote is close. Governor Dewey predicts that the next Congress will be controlled by the Republicans. His statement is borne out by many Washington observers. The President and members of his administration have scorned this statement. We shall see what we shall see.

The pastors of Canyon have agreed upon a union service when the news comes of Germany's defeat. This is a fine thing to do. The invasion of Europe caught most towns without a plan, and consequently people went their several ways without much unified action. V-Day may come soon; again it may be a month or more away. At any rate the plan is made and the people have been informed.

The last three months of 1944 will see three important events, which will affect the lives of every man, woman and child in the nation: 1. The end of the war in Europe; 2. Start of the reconversion period, which has millions of people worried; 3. The presidential election, which will make happy millions of people, regardless of whom is selected. It's great to be living and having part in these mighty events.

General MacArthur promised to return to the Philippines. He is making good his promise by blasting the Japs from the air. The process of recovery may be slow, but it will surely come. Those in the Philippines who were demanding independence may now be satisfied if Uncle Sam will continue keeping a watchful eye on Japan for the next 50 years.

Record Library Exceeds Over 500 Selections

West Texas State College can now boast that it has not only a huge book library, but also has a library of more than 500 music records. Mrs. Green, dean of women, bought albums for the records this summer, and found to her amazement that fifteen dollars invested in albums was not sufficient to "house the records."

This library contains not only popular music, but many Irish songs, Army and Navy selections, marches, and ballads for every occasion. These records are those Americans never tire of hearing. Current songs that are in demand are always secured for the library.

Dean Green stated, "Records may be rented by individuals or parties for one dollar an hour." Before too long she hopes to secure a case in which the records may be stored safely.

Leader Instructs Buffalo Band

Mr. Lewis Chamberlain has been selected to join the faculty of West Texas State as band master. He has had training in band directing and in instruction and succeeds Mr. N. J. Newman who is now in the Navy.

Mr. Chamberlain played first trombone in the Amarillo Symphony Orchestra during his four years in Clarendon High School, and after graduating he attended Hardin-Simmons on a scholarship. While at Hardin-Simmons he was soloist in the Cowboy Band. From there he transferred to Southern Methodist University, again playing solo trombone. He has attended the national music camp at Interlocken, Michigan, an extension of the University of Michigan.

Last year Mr. Chamberlain was assistant band master in the Abilene High School band.

"I think the students of West Texas State are cooperating whole heartedly, and the prospects for a good band are great," said Mr. Chamberlain. "If there are any students particularly interested in playing the bass horn, baritone or trombone, I would be interested in talking with them," he commented.

EASY SOLUTION

Abe owned a well-known race horse for which Ikey offered him \$10,000. Abe accepted the offer and the check, promising to send the horse the next day. Overnight, however, the horse died. But Abe could not bear to lose his bargain, so he cashed the check and sent the horse on.

He received no complaint from Ikey, but did his best to avoid him. Unfortunately, the day came when they met face to face. Abe assumed a nonchalant attitude and asked what had become of the horse.

"Well," said Ikey, "even I find he vos dead, and eferboty vat know him know he vas a vunderful horse. I raffle him off, and twenty-five people puy dickets at fife hundred tollars each."

"But," said Abe, "didn't anyone grumble?"

"Oh, only von man who von it," replied Ikey, "so I gif him his money back."

DO IT WITH WAR BONDS!

DID you ever get ready to blast a stump and wish you had Hitler and Tojo tied on top of one?

Well, you are giving this pair of varmints approximately the same treatment when you buy a War Bond. Because the money from that Bond is what enables our boys to work their way ever nearer and nearer to Berlin and Tokyo, smashing up a lot of Nazis and Japs on the way.

And here's a thing to think of: those Bonds will enable you to buy new equipment and machinery, repair and rebuild buildings, refurbish your home. For you get back all that you put in, plus substantial interest at maturity.

So let's obey that impulse to blast Tojo and Adolph to the skies... where we've already sent the Duce. Let's buy the Bonds that will help do it!

5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES

1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED... NOW!
2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
3. War Bonds provide the farmer and rancher with the financial reserve he must have to survive the ordinary ups and downs of farming as a business.
4. Money will be needed urgently at a future date to replace and repair farm equipment, machinery, and buildings. War Bonds will provide it.
5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy... from bank, post office, rural mail carrier or Production Credit Association.

Hustlin' Buffs Fall to Aggies Saturday in Oklahoma

Buffaloes Fight To Finish

An Oklahoma Aggie football team that is scheduled to go places this season downed the West Texas State Buffaloes in Stillwater Saturday afternoon 41 to 6 in the opening game of the season for both elevens.

Curtis Kelly led the Buff offense until injured, not seriously, late in the first half. Bill Hopkins, a stutter-footed freshman from Canadian took over and someone is going to have to watch out for him or he'll be in the starting lineup. Eddie Castleberry took over in the second half with Willard Hedges in the assisting role.

Dwayne Lyons from Olton was possibly the line standout with Glasgow and Browder in the assisting roles. Metz LaFollette of basketball fame let no one get around him but he had tough luck with a pass receiver.

"We're mighty proud of the way the boys played," Coaches Gus Miller and Windy Nicklaus declared. "They were up against one of the finest teams we have seen in several years. They just need experience." The Buffs scored midway in the third quarter when Castleberry went over from the two-yard line after a pass by Hedges for 30 yards and a 13-yard jaunt by Hopkins set up the score.

Ran into my old friend, Tom Bryant of Cross Plains recently, and the sight of the veteran oil operator brought to mind the story of the biggest high gravity well in the history of the oil industry near Pioneer, in southwestern Eastland county.

Bryant had drilled in a well on the Bryson in May, 1922, (one of six wells he was putting down for Tom Slick, "king of the wildcatters") for 7,200 barrels of 47 gravity oil a day and all the tanks that Bryant could find he bought and had them rushed to the new gusher. Then a week later just across the road, the Eakin No. 4 (another of the Slick wells that Bryant was drilling) came roaring in for 20,000 barrels a day.

This monster hurled a six-inch stream to the side through the control head and still had enough oil that another stream went through the top of the derrick. He dared not pinch it in as he had used second-hand pipe in order to stretch the limited money available as much as possible.

The road between the two big wells was closed to traffic at once as the weather was damp and the gas clung close to the earth, creating a great hazard. The backfire of a car would have produced a catastrophe.

Though the railroad was half a mile from the well, the passenger train halted at Pioneer and remained there for several hours, then with considerable trepidation it went past the area on its run.

An army of 200 men swung into action — teamsters, rough-necks, tank-builders and pipeliners. Holes were gouged in the ground and dams were thrown up to create earthen storage. Steel tanks were put up and "lead" lines installed to them. Crews of sweating, cursing men rushed the construction of a large pipeline. Workers wore slickers to protect themselves from the rain of crude oil; and the pipeliners, in hip boots, waded in petroleum that was sometimes knee-deep. Twelve, fourteen, even eighteen hours a day, the workers toiled at top speed, pausing only long enough to gulp down a little food and coffee, brought from nearby Pioneer, the coffee in huge pots and the sandwiches in wash-tubs.

When the pipeline and adequate steel tanks had been completed and the fight had been won, 15 acres of the 50-acre lease had been converted into a temporary lake of crude oil.

Such is the story of the record-breaking well that Tom Bryant drilled at Pioneer.

Wartime Washington

(Newsletter by Gene Worley, Member of Congress, for week of September 25-30, 1944)

Congress, in cooperation with the War Department, has made provision for an American flag to be presented to the family or any member of the Armed Forces who has lost his life in the service of his country. If the boy died in this country and his body was returned to his home for burial it is presumed that the flag which accompanied the body was retained by the family.

Those boys, however, who died overseas were buried near the place they died. In such cases memorial American flags, measuring 5'x9'6" are available to their families.

All of us know and are proud of the high and noble service record made by the boys of the Texas Panhandle. Many of them have made the supreme sacrifice. The families of those brave boys are entitled to receive this memorial flag and I will be glad to help them do so. If those families who have experienced the sad loss of a loved one will write to me I shall be very glad to see that their request is immediately cared for. In order to establish eligibility for a flag, it is necessary for the family to forward the notice which they received from the War Department. If, however, such notice has been lost or misplaced and if you will provide me with necessary details I shall be glad to contact the War Department for you.

The G. I. Bill of Rights seems to be getting off to a good start. For example, a former Marine, blinded by an accident and honorably discharged from the service a year ago, investigated the G. I. Bill of Rights, especially the part about education, and soon was taking a postgraduate course in prosthetics. He now has his own laboratory. Another Veteran who was discharged from the service with a crushed chest and blindness is now an honor student in Law School, with many of his expenses paid by the Government. They both said, "It gives you a different outlook and a comfortable feeling to know that your Government is looking out for you."

I have available additional copies of my remarks concerning the benefits provided servicemen and their dependents and will be glad to mail them to anyone interested upon request.

Enrollment Climbing Upward As Students Continue Coming

High School Has Peak Registration Now

In five different divisions, West Texas State College boasts a decided increase in enrollment this term even if the records are all incomplete as yet.

Already 492 students are attending classes at the school here in Canyon. This number is an increase of over fifty over last year as was readily demonstrated in such overcrowded classes as Biology where over 100 reported the first day.

In the Demonstration School, Supt. F. E. Savage reports that a peak enrollment of around 360 students including 200 in the grade school is had. Since this is more pupils than the plant has facilities to accommodate, the officials are trying to transfer some children elsewhere.

By correspondence, some 598 courses are being taught from West Texas State, and of this total for the fiscal period from September 1, 1943 to August 31, 1944, thirty-two courses are being sent out of the state of Texas. It is predicted that the correspondence enrollment will be much heavier this year because more people want special subjects and teachers who have been out of the field want to validate and bring their certificates up to date.

For the first time in its history, West Texas State will extend its work to the Cactus Ordnance Plant at Elter, where three ESBWT courses will be offered in the business department. Held on Thursday evenings for 18 weeks, these courses will be Industrial Personnel Management taught by Dr. Lee Johnson, Office Management by Mr. C. L. Littlefield, and Business English and Industrial Communications by Dr. A. K. Knott. Registration reports from this branch are unavailable this week.

At the Amarillo Center of West Texas State College where classes have been held for two years now, around 125 students have already enrolled and more are expected next week. Teaching the 24 classes in Amarillo are the following instructors who go up on different nights during the week: Professors Isabel Robinson, W. F. Haggard, C. L. Littlefield; Dean R. P. Jarrett, Dr. L. F. Sheffy, Professor John A. Gillis, Dr. Lee Johnson, Dr. A. M. Meyer, Dr. Mattie Swayne, Dr. Ima Barlow, Professors Agnes Charlton, Jack Douglas, Dr. A. K. Knott, Dr. Ford Fronabarger, Miss Elizabeth Cox, Dr. Harris M. Cook, Professors W. A. Patman, Herschel Coffee, C. A. Murray, and W. Mitchell Jones.

Mrs. W. E. Tucker fell yesterday morning breaking one of her arms. She fell last year and broke a leg which has been giving her trouble recently.

BUY BOOKS

Investigation shows that books will become more and more scarce as the war continues. This means that those who buy books should contemplate their needs and place orders early.

Children Books

We have the largest stock of children's books that we have ever shown. There is no stock in the Southwest as complete as this department. But these books will not last long.

We advise that you buy your winter books soon, especially books for Christmas gifts.

It is time for Christmas buying and no gift is as appropriate as a good book.

District Court Will Have Light Session Oct. 2

The fall session of District Court will open next Monday.

So far there is little business in prospect for the term. The grand jury has been summoned for the term, but no petit jury has so far been summoned.

The docket is very light, and few cases are in evidence for investigation for the grand jury.

Judge Henry S. Bishop will preside and District Attorney Jim Lumpkin will direct the investigation of the grand jury.

Lieut. Roland Black leaves tomorrow morning for Santa Barbara, Calif., where he will receive further assignment.

Mr. and Mrs. J. C. Dowd took their son, Bobby, to College Station last week to enroll in A. & M.

Hot and Cold

By SARAH S. PFEIFFER
McClure Syndicate—WNU Features.

WHEN Ted Carleton let himself in the front door at four o'clock he had two hours to decide the biggest problem of his life. Two hours to determine whether he would accept Verne Chandler's offer of a vice presidency or work with a new competitive company.

Tight little arms suddenly enveloped his knees. Then he remembered they were celebrating Deborah's sixth birthday. He lifted her to his shoulder; received a warm, moist kiss. If he could only talk over the matter with Janet quietly. There seemed little chance now.

Debbie's hand was smoothing his brown hair while he took in the picture. Ten dressed-up children were climbing over the living room furniture, having a marvelous, wide-eyed time. Janet's hair was loosened in damp curls on her forehead. She took his hat, put away his topcoat.

"Janet, won't you send the kids home early? I have something important to settle by six. Can't we talk it over upstairs?" It wasn't that she gave advice or tried to run his life. But he might be able to clear his mind if she just listened to him think aloud.

"Is it—about business?" "Yes. Verne offered me the vice presidency and a small raise. A new company—Carstairs and Keith—want me to come in as treasurer at my present salary. It's a gamble but—"

He turned to Janet. "I've been with the company eight years. Verne is a pretty shrewd president. His

Tight little arms suddenly enveloped his knees.

offer sounds like a good thing. Of course, our financial setup has been shaky but Verne says—"

"Ready, Daddy!" piped a small voice.

"O. K. Battleships before business I suppose."

Eager little faces watched him. Their eyes darted quickly to the drum table at the front windows, then back to him. That's where they hid a toy sub, he thought, but I'll play along a few minutes. He walked to the back, examining bookcases with mock seriousness.

But his thoughts were relentless. Verne is sharp all right. Suddenly he remembered swapping stamps with Verne in high school and always getting the worst end of the deal. Verne invariably swore they were genuine but added that, if they were not, he would take them back. Yet when the stamps proved to be imitation, Verne insisted on selling Ted's own lot back at a neat profit.

Still, he thought, if I join the new company, I am taking a terrific chance for my family. He liked the organization of Carstairs and Keith, liked the reputation of the men. He had experience and knowledge they could use. Funny, wasn't it, that the promotion in the old firm came only after Verne was told of the new offer? He had never known Verne to think of others first. Maybe the old company was shakier than he realized. There was a narrow line between shrewdness and dishonesty. And Verne's sudden cordiality was puzzling. Usually he was hard and cold.

Small suppressed sounds filled the room. He had searched everything except the drum table. When he reached it, a small boy began to clap eagerly.

"Why," Ted said to himself, "this is just like a game I used to play called 'Hot and Cold.' The children applauded louder and louder when you were near. It's the same game—under a different name!"

The little boys and girls crowded around him. "Boom! Boom! You're torpedoed! You're blown up in a million pieces!" Debbie fished the submarine from under his hand. Janet was calling. "Light the candles, dear. Then the little ones can come in. I'll try to hurry them." Candlelight made a halo about her small head.

"There's no need to rush."

"But you just said—"

"I know, darling. Playing with the kids made me see things straight. Verne's methods are always the same, no matter what bait he uses or what he calls the game. I intend to leave him."

Her eyes did not leave his face. "I'm glad. But are you sure—"

"Sure as I am of my love for you. I've suddenly realized there's no more certain way of being right than doing the opposite of what your enemy wants."

For safety's sake watch the car behind the car in front of you.

Thompson's Are Remodeling the Furniture Front

Thompson Hardware is rebuilding the front of the Furniture Department.

Instead of two doors there will be only one entrance at the west. The center front show case is being removed. Each of the side show windows is being enlarged. This arrangement will provide for space for a more attractive display of furniture.

Miss Willie Mat Claxton of Gatesville, Texas, who has been for a year and a half a paying house guest of Miss M. Moss Richardson, left Monday for visits to Stanton, Tennessee, her birth place, and to Gatesville. She will return to Rest Cottage in the late fall or early winter. She expresses herself as delighted with the Plains and with Canyon, the bright sunshine, the pure air, the friendly people.

Mrs. Gerald Warwick and daughter returned to San Diego, Calif., Thursday to be with Gerald until he is shipped out. He is in the navy. Mrs. Lavert Avent accompanied Mrs. Warwick to visit with her son, Lavert, Jr., who is also in the navy.

MISS HICKMAN SPEAKS TO BEGIN BOOK CLUB NEW YEAR

On Wednesday, September 27 the Woman's Book Club began a new year of study. The club was honored by having Miss Hellen Hickman give a most interesting talk on present day medical discoveries and she particularly stressed mental health. She very ably discussed the harmony between the physical and mental attitudes, the relation of training to our physical condition and that there are people who inherit a weak nervous system and may not be able to overcome that weakness.

We should develop the fine art of living, have confidence in ourselves, faith in the goodness of life, be open-minded, unselfish; and we should try to live a balanced life.

Mrs. T. M. Moore, a former member of the club, was a special guest. The following members were present: Miss Hellen Hickman, Mrs. S. H. Condon, Mrs. Lee Johnson, Mrs. C. R. Burrow, Mrs. Fred Standley, Mrs. A. W. Sternberg, Mrs. Irving SoRelle, Mrs. C. M. Dowlen, Mrs. I. C. Jenkins, Mrs. J. W. Reid, Mrs. C. A. Murray, Mrs. Lee Foster, Mrs. Harry Brown, Mrs. Nancy McCaslin, Mrs. C. C. Armstrong, Mrs. Clyde McElroy, Mrs. S. L. Ingham and Mrs. Harris M. Cook.

Mr. and Mrs. A. W. Hawks and daughters have moved to Amarillo this week from their farm east of Canyon.

Mr. and Mrs. Grady Pearson and family and Mrs. Velma Lyons of Stratford visited over the week end in the J. A. Moore home.

Mrs. Paye Cannedy of Panhandle has moved here and is assisting her father, C. O. Cooper, in the Cooper's "M" System.

Mrs. Jessie Reid has returned from Rochester, N. Y., where she has been visiting relatives.

Mr. and Mrs. Buron Fewell of Canyon were called to Midland Thursday by the death of Mr. Fewell's sister, Mrs. Gaines Kinsey. Mrs. Kinsey lived near Happy several years ago.

Anyone who saves money nowadays isn't a miser, he's a wizard.

Bed of Zinnias Is Added Garden Spot on Campus

West Texas State College has become well known in the past for its Dahlia Garden. This year the garden has not been so large as it has in the past, but the blossoms are just as beautiful as they have ever been.

Mr. A. L. Tarlton, gardener, said, "Perhaps the slack in growth was caused by the hail storm early in the spring. There was so much electricity in the air that the bulbs were probably damaged to a certain extent."

No new bulbs have been added to the bed this year; however seeds were planted in the spring, and many amazing results have been noticed. Several of these seed dahlias have a variety of colors and the blooms have single leaves rather than the full bushy bloom of most dahlias. The cactus dahlia has also been quite beautiful this summer.

According to reports, the Hunts Velvet Wonder has had the largest blossoms, some measuring from 10 to 12 inches in diameter. Some of the most beautiful flowers are from the King David, General Wavell and Moscow bulbs.

Another garden spot on the campus is the bed of zinnias under the West Texas State neon light on the Amarillo highway. This bed of flowers has been commented on by many tourists and visitors who have been to Canyon during the summer.

The blossoms have been large and abundant, and the bed has been a great success.

Fairview Breezes

This community had a good rain Saturday night.

Lavinia Amerson, who is teaching at San Jacinto, visited over the week end at the G. E. Wesley home. Mary and Bob Fulcher and Marie Wesley visited Saturday night in Canyon.

Those in Tulla Saturday night were Mr. and Mrs. J. W. Wesley, Vesta Amerson, Mr. and Mrs. Hollis Shipman and children, Evelyn and Anna Belle Schaeffer.

Born to Mr. and Mrs. I. W. Brown in San Diego, Calif., a daughter, Virginia Paye, August 23.

Mr. and Mrs. S. F. Sharpes and children, Mrs. Dell Zachery and Barbara were in Canyon Saturday afternoon.

Mr. and Mrs. Laurence Moore and daughter called in the E. W. Schaeffer home Saturday night.

Mr. and Mrs. J. W. Wesley, Misses Vesta and Lavinia Amerson, Mr. and Mrs. G. E. Wesley enjoyed singing in the J. Fulcher home Sunday afternoon.

Myrtle Evans visited her sister, Mrs. Artie Pierson, Wednesday.

Brother Cook will bring his singers to Fairview Friday evening, Oct. 13. There will be sundown lunch served at the church after which Brother Cook will lead singing. Everyone is cordially invited to come.

The C. L. Wesley family plan to move to Canyon in the near future.

Christmas!

It may sound rather foolish to talk about doing your Christmas Shopping now—

But Uncle Sam says that Christmas packages to boys overseas must be mailed between September 15 and October 15.

Furthermore, Uncle Sam asks that you mail ALL packages for Christmas in the United States during November.

Christmas gifts are going to be mighty scarce this year—

We have an adequate stock to start the season and urge that you do your shopping now in order that you will not be disappointed later.

Class Meetings Highlight Opening Weeks of School

Official Predicts Profitable Year

Many New Pupils Attend Grade and High Schools

Under the direction of Supt. J. B. Speer and Milton Sanders, principal, the year's activities for Canyon High School began on September 18, when faculty members held their first meeting.

Contrary to past procedures, all students enrolled on Tuesday, September 19. Members of various classes were directed to certain rooms where they completed their registration. About 25 more high school students and 52 more grade school students are enrolled now than at this time last year.

Classes began on Wednesday of last week, although schedules were not completely organized by Monday.

Solid geometry, laboratory of industries for sophomores, junior business for freshmen, and physics are the new subjects which are offered, while biology and vocational agriculture have been excluded from the schedule. Although there is no band at the present time, other extra-curricular activities continue as usual.

"I find the outlook for the coming school year very optimistic. The students are enthusiastic and eager to work and the teaching staff is efficient and cooperative. Surely this will be one of our best years of service in this community," said Mr. Speer.

THE STUDENT VOICE

"Work and more work" — these words are brought to mind with thoughts of school. But, upon further thought, one remembers assembly, class parties, basketball games, and extra-curricular activities which may help to keep our school program well balanced. But for those who are responsible for the planning of these activities, the burden is heavy. Without the cooperation of the students, all the satisfaction is taken from their duties. Contrary to common belief, faculty members and school officials are interested in the opinions of the students, individually and as a group.

Many times we, the students, complain because our school doesn't have this or doesn't have that. In our regular routine of running down the faculty, etc., we forget to add that they are not mindreaders, and often don't know the desires of the students.

Several years ago an organization was started which might well be named "The Voice of the Student Body." This Student-Faculty Congress furnishes our opportunity not only to express our opinions, but to get things done. In years past, this organization has sometimes been neglected. Our Student Council representatives have been selected by us to voice our opinions. We

Wartime Teachers Accept Canyon School Positions of Responsibility

All you guys that are planning to come out for basketball had better start getting in shape, because I've heard tell that you'll have to start getting on the ball in two or three weeks.

From several other sources I've heard the theory put forth that we will have a "pretty" good team this year. There'll be Spence Winn, Eddie Standley, Charles Taylor, Kenneth Vaughan, Harley Hicks, Eary Gene Peppard, and Bobby Black; just to mention a few of the boys that will come back from last year's squad.

Seems to me as if the Coach will have a pretty full schedule this year. Besides coaching basketball and track, teaching shop and mechanical drawing, he is filling in as principal on the side.

For the past week about all the sports that has been going on is between the seniors and the fish. To hear the fish talk, the seniors MAKE them carry their (the seniors') books. To me it seems as though the seniors offer the fish the privilege of carrying the books. Favorites among the fish seem to be Frances Standley, and Valeta Haines for the girls, and Max Bellah, Dick Barrett (he's so cute), and Austelle Burrus for the boys.

must let them know what we think, and if necessary remind them to present our views to our advisors. Cooperation—lets make it the key word of Canyon High School.

New Teacher Makes Grade School Debut

Greetings to Mrs. Hazel Atchley, who is our new fourth grade teacher. She comes to us from Dawn, Texas. Those of you who have not met her should make every effort to do so.

She is five feet two,
Wears five-B shoe,
Has brown eyes and hair
And a manner so true.
She collects music and poems
Her color is yellow—
Has a son Ralph
Who is a young fellow.
Ice cream is her food,
And tennis her sport;
She dislikes scraping chalk
Or foul play of any sort.
We welcome our new teacher
With outstretched hands;
I'm sure she will be liked
For she is ever so grand.

NO DUMMY

The uniforms you see around town
Are smart and neat, and up to the minute.
I wish I had a blue, or white, or brown—
If it had a nice young man in it!

From various sections of the state and nation, five new teachers have come to guide Canyon High School students during the oncoming year.

Accepting the responsibility of chemistry and math is Mrs. Emma Gene Jackson, from Ralls, Texas. Her teaching experience of about 20 years is divided between El Paso and Ralls. Her twin daughters are classified as seniors in West Texas High School, while her only son is now a cadet in the Army Air Corps.

From Littlefield hails Miss Mary Carter, physical education teacher, who taught last year at Lamesa. Her program for the year includes intramural volleyball, baseball, and the volleyball team. "I like the school very much; especially the friendly co-operative spirit of the students and teachers," said Miss Carter.

Keeping the study hall temporarily, Mrs. Bernice Bartlett of Plains, Texas, was a graduate of both Canyon High School and West Texas State College.

Although she was reared in Canyon, Mrs. Lee Christine Sanford, English teacher, now calls Billings, Montana, her home. Graduating from Canyon High School and West Texas State College, she received her M. A. Degree in Greeley, Colorado.

Her previous teaching experience was obtained at White Deer. Mrs. Sanford's leisure time is now used in painting, taking care of her baby girl, and writing letters to her husband, who is in the army.

Cafeteria Offers Student Lunches

According to plans, the school cafeteria will open to students of the Canyon Public Schools on October 3. On the third floor of the high school building, the former band room will serve as the cafeteria and the smaller adjoining will be the cook room. Mrs. J. H. Lisle, who has had wide experience in work of this sort, will be the manager and will be assisted by two or three other women.

All necessary dishes, steam table, stove, cabinet, sink, and dish-washing vats will be paid for by the school, and the refrigerator will be bought by women of the county.

Each meal, valued at twenty-nine cents, consisting of a meat, or a meat substitute, bread, milk, and possibly two vegetables will sell for twenty cents. Weekly meal tickets priced at \$1.00 and monthly meal tickets priced at \$4.00 will be on sale Monday, October 2.

An angler who had been trying to hook something for the last few hours was sitting gloomily at his task when a mother and her small son came along.

"Oh," cried the boy, "let me see you catch a fish."

Addressing the angler, the mother said severely, "Now, don't catch a fish for him until he says 'Please!'"

The colonial charter is said to have been hidden in the hollow trunk of an oak tree in Hartford, Conn. in 1687. The venerable tree was preserved with great care until 1856, when the Charter Oak was blown down.

The largest Roman Catholic shrine in the United States is located at Auriesville in New York state. It was erected in memory of the first North American Saints, a group of Jesuit missionaries who were executed by the Mohawk Indians at this place.

After a good summer's rest, I return, your public pest, to write about you guys and gals, and hope it helps to make you pals.

"Wow! Have you seen that new senior?" This is the most common subject of the girls' gab sessions this week. Leroy Hutton is plenty handsome, isn't he girls? By the way, Betty Brown and Margaret Lair, must you make your feelings toward him so obvious?

Has anyone noticed James Inman's dreamy expression lately? "If only," he wails, "if only I had a car like Louie Davis's, maybe I could get some girls to whistle at me, too!" Well, James, if it will help your feelings any, we hope you will get one some day.

That old spark seems to be glowing brighter, doesn't it, Billy Thurman and Frances Harp?

And is it true that Harley Hicks was seen in Amarillo with a swell-looking student nurse?

Dick Milford seems to be causing quite a discord between some junior and sophomore girls such as Bonnie Drake, Johnnie Wallen, Cheri Kilchriste, Billie Jo Wallen, and Louise Dickinson. Why don't you girls have a pow-wow and take turns flirting with this tall, dark, and handsome newcomer?

Why was it that James Merony was so persistent about making Ruby Bosley a class officer this year. . . . We've been wondering.

It seems that Jean Prater has come to prefer W. T. High and Pampa boys. Are you fellows going to stand for that?

Heard a rumor that Mary Lou Gunter is interested, to say the least, in that too, handsome senior, Bruce Albers.

Marilyn Small has the attentions of more than one seventh grade romeo — including Albert Craig, Bruce Winn, and Norris Root.

Although Thomas Jefferson is generally credited with the first architectural plan a college in America, when he built the university of Charlottesville, Va., the plan of Union College at Schenectady, N. Y., is actually six years older. It was designed by a Frenchman, Joseph Jacques Ramee.

With some people patience is a virtue; with others it is just a case of not knowing what to do.

Canyon High School Welcomes New Students to It's Ranks

Canyon High School welcomes back all of its old students and extends a hearty new welcome to the students who have come this year for the first time. New students, we invite you to join us in our activities and to feel like one of the "family."

Dignified seniors add to their ranks equally dignified Nancy Wilson, Claude; Mary Frances Colwell, Happy; Leroy Hutton, Tucumcari; Mary Lou Gunter, Olton; and Dorothy Scott, Friona.

Juniors put out a hearty handshake to Malcolm J. Gunter, Olton; and Charlene Simmons, Claude.

Those gracious sophomores greet and welcome into their fold Louise Blewett, Doylestown, Pa.; Jean Bourgeois, Texico; Glenn Eiland, Amarillo; Robert Fisher, Wayside; Dick Milford, Beaumont; George Schaeffer, Jr., Happy.

Freshmen have the motto "always room for one more," so in trooped Rita Maud Gunter, Olton; Helen Kersten, Amarillo; George Milford, Beaumont; Odessa Marie Scruggs, Plainview; Annie Pauline Seales, Channing; and Martha Wilson, Claude.

To add good to good, eighth graders didn't mind adding Jerry Beckwith, Amarillo; Fred Begert, Umbarger; Lois Nadine Burrow, Canyon; Lucille Chain, Sanborn; Tommy Christian, Claude; Sue Ann Colwell, Happy; Joan Hutchinson, Canyon; Pat Kent, Sudan; Mary Lee McGeehe, Wayside; Bobby Scruggs, Umbarger; Joyce Stipe, Canyon; and Don Stone, Hollis, Okla.

All upperclassmen welcome the seventh grade because everyone of them is new to our school.

"Seventh graders, if you think we're a little hard on you, just remember that we were young once and we're just using our grown up authority."—The Upperclassmen.

ROBOTS

Brought into court on a charge of violating price ceilings at St. Louis woman shopkeeper was asked whether she had not read the OPA rules. "Read them," she exclaimed, "why, I can't even lift them!"

The Japanese have ordered their women to go without lipstick, powder, and permanent waves as penance for the Japs losing Attu. Talk about "losing face!"

A Swedish observer says it will take years to clean up Berlin. Why not let American tourists carry it off a piece at a time as souvenirs?

Fate hasn't been too unkind to the Japs. It provided a man-sized ocean for them to swim around in when pursued.

The Army recently bought 20,000 Missouri mules. Let's see what the chaplains can do to prevent a big increase in profanity.

A young actor proudly remarked to her father, "I've got a part at last, dad. It's a new play, and I'm a man who has been married 20 years."

"Splendid! That's a start anyway," said the father. "Maybe it won't be long before they'll give you a speaking part."

When Connecticut adopted its constitution in 1639 it was the first time in history when a government was organized and defined by a written constitution.

Grade Notes

At the end of the first week in the current school year grade school enrollment is 359, a noticeable increase over last year's 314.

Fourth and sixth grade classes top the list with 63 in the fourth and 68 in the sixth.

Last Friday the two fourth grade classes elected their fire drill leaders. Mrs. L. M. Cousins' room elected Gwen Davis as room monitor and John Miller as hall monitor. In Mrs. Hazel Atchley's room Harold Root is fire captain and Doris Keller fire monitor.

From grade school students go 359 "thank you's" to Dr. Harris M. Cook for his donation of seven years back issues of the National Geographic Magazine. These magazines have been placed in the grade school library for the use of the students.

Sanders Assumes Editorial Duties

On Thursday, September 21, Supt. J. B. Speer and Mrs. Nora Gilmore, sponsor, announced the staff of The Eagle's Tale for the coming semester.

Filling the position of editor is Ellen Sanders; assistant editor and chief copyreader, Ellen Root; business manager, Margaret Lair; sports editor, Earl Lock Neff. All members of the staff have served previously on the paper, and three of them are members of Quill and Scroll.

Beginning as reporters are: Frances Gooch, Betty Ann Miller, Dorothy Scott, Rose Hugg, Betty Brown, Vergie Haines, Louise Dickinson, Dick Milford, and Bonnie Drake.

"Editing The Eagle's Tale is an agreeable task. Each member of the staff is looking forward to a pleasant and profitable year's work," said Mrs. Gilmore, who is beginning her second year as sponsor of The Eagle's Tale.

While on a 10-day leave Pfc. Wallace Huff, former student in Canyon High School, recently visited classes at school. Pfc. Huff has been stationed at Camp Gordon, Georgia.

A farmer boy tried to enlist but was refused because of bad feet. Next morning he presented himself again before the doctor.

"It's no use. I just can't take you, because you couldn't stand the marching," said the doctor. "But tell me, why are you insistent?"

"Well, Doc," said the boy, "I walked 187 miles to get here, and I sorta hate to walk back."

A defense worker went into the corner drug store and asked for strawberry ice cream.

Clerk: Sorry, pal, I have no ice cream.

Defense worker: For the first time in my life I'm making enough money to buy what I want to eat, and I can't find anything. I go into a store and ask for butter, they say no butter. I come here for ice cream and you say no ice cream. When I was on relief I ate well.

Students Choose Yearly Officers

Erwin and Brown Draw Class Leadership Office

As is the customary procedure classes elected officers and roomparents for the coming year on Friday, September 22.

Senior classmen chose Harold Erwin, president; Betty Brown, vice-president; Ellen Sanders, secretary; Earl Lock Neff, treasurer; and James Lair, reporter; as their officers. Representatives to the Student Faculty Congress are Don Standley and Lorene Seales. Their alternates are J. Spencer Winn and Sue Ann Moreman. Elected by acclamation for roomparents were Mr. and Mrs. W. T. Oliver, Mr. and Mrs. T. S. Lair, Mr. and Mrs. C. H. Thurman, and Mrs. Gladys Haines. To prove their appreciation of past service well done the seniors re-elected Mrs. D. F. Sanders as their sponsor.

A new comer, Dick Milford, takes the leadership position in the junior class. His fellow leaders are Wilma Schuette, vice-president; Cheri Kilchrist, secretary. Bobbie Lee Graham, Malcolm Gunter and Bonnie Drake were elected Congress representatives. Roomparents are Mr. and Mrs. A. U. Harding, Mr. and Mrs. G. D. Drake, Mr. and Mrs. J. F. Wallen. Mrs. A. K. Knott will sponsor the junior group.

Officers of the Sophomores are as follows: Bill Davis, president; Geraldine Small, vice-president; Zonelle Gregg, treasurer; Neil Drake, secretary. Mrs. Lee Christine Sanford was elected class sponsor.

To lead them in the coming year freshmen chose Frances Standley, president; Ruth Drake, vice-president; Geneva McDougal, secretary; Wayne Davis, parliamentarian; Easton Wall, treasurer; Martha Jean Avent, reporter. Representatives to the Student Council are Joan Morton and Austelle Burrus. Roomparents are Mr. and Mrs. W. W. Nicklaus, Mr. and Mrs. Alfred Bellah, and Mr. and Mrs. Fred Standley. Mrs. Ed Weeks is class sponsor.

Eighth graders chose Gerald McDuff, president; Donald Hickman, vice-president; Mary McGeehe, secretary; Harry Campfield, treasurer. Mrs. Cecil Simms is class sponsor.

Making their high school debut, seventh graders elected Joanna Haines, president; Jolene Porter, first vice-president; Harold Martin, second vice-president; Donna Erwin, secretary; and Mary Ruth Hill, treasurer. Miss Evelyn Kingsley will sponsor this new high school class.

Janitors Improve School Buildings

During the past summer, school custodians I. H. Hollabaugh and I. W. Steen completed a number of improvements on the campus.

Several walls and the outside doors received a coat of paint, while three hundred feet of new sidewalks were also part of the summer's improvements.

Besides two coats of paint on all concrete floors, the custodians put sealer and wax on classroom floors and gym finish and wax on the gymnasium floors. They varnished teachers' and students' desks and bookcases in the library.

Almost all of the earliest instruments recorded by the Hindus have remained in popular use until the present day.

BUTTER SUPPLY DOWN, DEMAND UP

Americans will not have as much butter as they want this year, primarily for two reasons: The supply is down and the demand is great, the War Food Administration says. Average per capita supply before the war was 16.7 pounds and this year it is about 11.9 pounds. More people are eager to buy butter today than ever before, and in the face of increased demand, production has declined while five per cent of the American supply is going to Russia, mostly for use in hospitals. While milk production is higher than before the war, a great proportion of milk is going into fluid milk, cheese, evaporated milk and milk powder. No manufacturer will be required to set aside any butter for government purchase in October or any succeeding month until spring, when production will rise seasonably.

STARES AND QUESTIONS WORRY VETS

While modern surgery and medical care are skillfully restoring soldiers' bodies and morale is being strengthened by reconditioning programs in Medical Department Hospitals, "All this effort is being seriously interfered with when disabled soldiers are singled out by stares and prying questions of the public," warns Major General Norman T. Kirk, Surgeon General of the army.

OIL STOCK PILE IS GETTING LOWER

The nation's stockpile of crude oil in storage tanks has been depleted at the average rate of 2,500,000 barrels a month this year, and now is only slightly above the minimum required to keep refineries in uninterrupted operation, the Petroleum Administration for War reports. Although gasoline stocks are at pre-war levels, only about half is for civilian use, compared to 90 per cent available for civilian use in 1941.

CHINESE FARMER OUTWITS 22 JAPS

Before Hengyang, fell into Japanese hands, 22 Japanese soldiers got lost, and as the story is told in the official Chinese magazine, China At War, the Japs "shanghaied" a Chinese farmer and ordered him to guide them in the direction of Changsha, a city that had already fallen into Japanese hands. The Chinese farmer, knowing his countryside, deliberately led the Japs on a winding course that finally landed all 22 of them into the Han Chinese troops—as prisoners of war.

PRESSURE CANNERS NOW "FREED"

Distribution of pressure canners was released from all controls by the War Food Administration September 21. Production of canners for the first nine months of 1944 is estimated at 400,000, compared to 65,000 in 1942. WFA expects manufacturers to continue production on into 1945, thus having canners on the market for spring and summer vegetables.

BE CAREFUL—AND PATRIOTIC

Because home accidents that killed 6,000 workers last year seriously impeded the war effort, the Federal Security Agency endorses these safety suggestions: Walk—don't run, especially on stairways; don't carry heavy loads on stairways; don't let children play on unprotected stairways; don't let floors become slippery or cluttered; never leave soap in bathtub and use non-skid mat to prevent slipping; keep utensil handles turned away from edge of stove; never touch an electric fixture and a grounded metal object at the same time; disconnect electrical appliances when not in use; don't smoke in bed; keep pillows out of babies' beds; keep pins, needles and sharp tools away from children; keep garage doors open when starting car; and use short ladders instead of stools, chairs or boxes in reaching for high places.

ASKS FOR NETHERLANDS HARVEST

In an appeal to the farmers of Occupied Holland, Radio Orange, the Netherlands broadcasting station in London pleaded: "The authorities advise the Netherlands farmers most emphatically to avoid any destruction of threshing machines. That destruction would be detrimental to the cause of the fatherland. The country wants the farmers to gather and deliver their harvest and report the results to the authorities in charge of distribution of agricultural products."

A BIT OF HOME IN FOXHOLE OR PX

American fighting men in this war "are getting every food nutritionists say is necessary to keep them in top physical strength," declared Lee Marshall, Director of Distribution, War Food Administration. "In addition to this," he said, "they get a share of the ice cream, the turkey, the soft drinks, the candy bars—in fact the biggest amount of home we can crowd into a barracks, a foxhole or a PX." To make this possible, American agricultural production has been increased roughly 40 per cent over pre-war levels, he pointed out.

families—has been proposed for Scotland by an ex-service men's organization and will be built as soon as the endowment is complete and a building site is found, the British information services report. Blocks of homes will be grouped around a cloister in which will be a clinic staffed and equipped to give hospital treatment and medical aid. Covered corridors will lead to each group of apartments so that patients can be taken for treatment in any weather. The community will be complete in itself but will be built probably near Edinburgh—near shops, schools, churches, places of entertainment and centers of employment. Each tenant will pay whatever rent he can afford from his disability pension.

SAVES TRAINLOAD OF PRISONERS

When the Nazis recently tried to ship back to Germany a trainload of persons of various nationalities who had been imprisoned in Belgium for underground activities, they were thwarted by the delaying tactics of the Belgian railroad engineer, who acted upon instructions from the Belgian underground. With prisoners packed in cattle cars so thickly it was impossible for anyone to sit down, the train started. Using various ruses, the engineer managed to go only 15 miles in 24 hours, despite threats of Gestapo men with machine guns who stood at his side. Finally the train stopped and the German authorities decided it was better to let everyone go free rather than trouble with them any further.

"LIKE CHASED ANIMALS"

With the beginning of the Nazi collapse in France, the Germans, busy trying to save their own necks, turned their Dutch laborers loose, according to a correspondent for Aneta, official Netherlands news agency. He said that these men "like chased animals, afraid that the hunt is not over... introduce themselves often under assumed names, and as they recount their

...speak no evil!

"There is only one evil," wrote Socrates, "that is ignorance." And ignorance it obviously is, which sometimes prompts the careless car-owner to say that all motor oils are alike, that there is no difference between any of them.

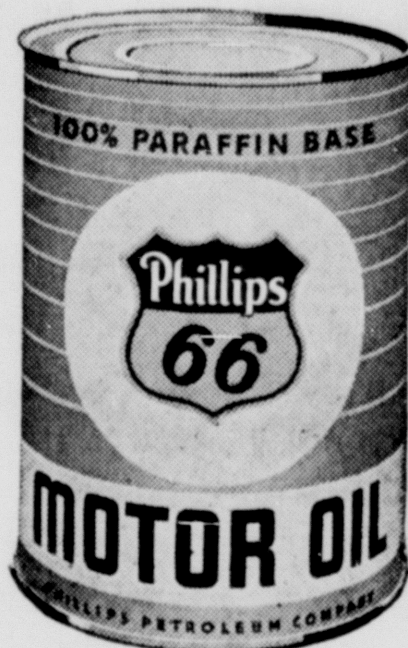

Oils vary in chemical composition, in stability, in freedom from harmful impurities, in lasting power, in ability to maintain viscosity, and in many other ways as well.

That is why all intelligent car-owners naturally prefer a quality oil. But not all of them know the simple, easy way to be sure of getting it, as explained by the following facts:

Phillips offers a number of oils because car-owners' preferences vary almost as much as their cars and pocketbooks. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Figure the cost per year of draining and refilling with quality oil every two months, as experts advise, as against the cost of using cheap oil; and it is plainly foolish economy to take a chance. So when making the seasonal change from summer-worn lubricant, get quality by getting Phillips 66 Motor Oil.

They Sow Not, But They Sure Do Reap

Minnesota Indians, who harvest an \$80,000 "delicacy crop" of wild rice annually in the northern lakes, neither sow nor cultivate. They just reap, and claim it's a secret art. Here are two working on this year's crop. The Indian in the prow poles slowly while his companion, holding flails, lightly taps the grain stalks so the dry heads will fall into the boat. That's the "secret" part. The stalks must be tapped just right: hard enough to knock off the grain, but not hard enough to bruise the stalks and thus kill next year's crop. Many hotel chefs and gourmets demand wild rice for special items on the menu.

experiences under the Nazis, they look around, shifty-eyed, as if to make sure that no Gestapo agent is listening." All are hungry for news of their relatives. "They are eager for someone, anyone, to point out a destination in life for them after their years of being tossed about Europe."

NEW SHOE STAMP COMING

A new shoe stamp to become good November 1 was announced by the Office of Price Administration. The number of the shoe stamp will be announced later.

ROUND-UP

OPA says: Apricots at retail will sell for approximately five cents a pound less than they did last season... The retail price of smoked, mild-cured salmon will be increased four or five cents a pound... Non-leather shoes with rubber soles have now been freed from rationing... Because of a short crop and big demand by the armed forces, cranberries will soon be brought under price control for the first time, and highest retail ceilings are expected to be approximately 40 cents a pound, high enough to compensate growers for their short crop... So few bicycles are on hand, they have been removed from rationing.

The Department of Agriculture says: Twenty-eight Liberty ships have been named by state 4-H club groups... Tractors and horses now divide the pulling job on American farms just about "50-50."

To alleviate losses to apple growers caused by the recent hurricane, the War Food Administration will buy 500 cars of apples in North Atlantic seaboard states to be used in institutions and for school lunch programs... WFA is offering to sell feed millers and grain merchants 1,498 bags of pea flour for livestock and poultry feed.

To measure a mind one need only find out the size of the problem it worries about.

STUDENT EYES NEED GOOD LIGHT

No, Reddy can't really do their sums for young students, or memorize all those tables, but he can solve one big problem—how to see the work with less effort. That's "home work" he knows all about!

Most home study involves hours of reading, writing or drawing. Those are all intense eye tasks that demand good lighting. If too much energy is consumed in the mere attempt to see, study and grades suffer.

Sight is priceless. Light is cheap. Your electrical dealer probably has light bulbs now in all common home sizes. You can fill all your empty sockets inexpensively. Then follow these simple rules to get the best use of the light you are paying for:

- Keep lights, reflector bowls and lamp shades clean.
- Use the RIGHT SIZE bulb in each lamp and fixture.
- Rearrange lamps for "double duty"—to serve two persons at once.
- Move lamps closer to the point of use, to shed more light directly on the work.

Reddy's glad to help with home work if you'll let him. Just make sure your light is right!

Community Service Discussed Tuesday at Rotary Lunch

Rev. Bob Jones was in charge of the Rotary Club program Tuesday. He is chairman of the Community Service committee and spoke on the work of this committee.

Members of the club have a responsibility in the community. Service clubs are not chambers of commerce, and are not intended to take the place of commercial organizations. But each member of Rotary is expected to do his part as a leader in community affairs.

The speaker reviewed the part Rotarians had taken in this community. A greater interest in the churches, schools and the colleges will make these greater community assets.

Mr. Jones announced the plan for church services when Victory comes in Europe. He hopes that every citizen of Canyon will come to the union service at the Baptist church as is being sponsored by the ministers of Canyon.

Mrs. P. L. Walters started serving meals for the club.

District Governor Harris M. Cook was welcomed back after his illness which interrupted visits to the Rotary Clubs of the district.

J. W. Shook announced that the ice box fund for the public school cafeteria is growing and asked donations from all citizens.

The college lyceum was announced by Dr. A. M. Meyer as one of the best features that has been brought to Canyon. Season tickets are offered to Canyon citizens at a very low price.

Visitors were: John McKnight, Arch Hunsley, Herbert Dowell, R. E. Wertz, Bob Dorough, Judge Clayton Heare, all of Amarillo; Bob Lindsey of Borger; Bob Kilgore of Canyon; P. D. Tyler, new pilot at the Canyon Air Service, who comes from Abilene.

CENTRAL BAPTIST CHURCH

There will be preaching services at the Central Baptist Church, 1606 4th Avenue at 11:00 o'clock and at 8:15 with Bible School at 10:00 o'clock every Sunday.

On Saturday evening of this week services will be conducted by Frank A. Godsoe at 8:15. Other pastors will conduct the Sunday services.

There will be services on week night each week as announced.
